## CREDENTIALS

ASSA ABLOY is the global leader in complete door opening solutions. Our Door Security Solutions Specialists are dedicated to providing efficient design solutions that balance the needs for aesthetics, convenience, life-safety, and security.

Our team's professional credentials rank us among the best in the openings industry:

- AIA | American Society of Architect
- AHC | Architectural Hardware Consultants
- CDC | Certified Door Consultants
- CCPR | Certified Construction Product Reps
- CDT | Construction Document Technologists
- IIDA | International Interior Design Assoc.
- LEED® AP | LEED Accredited Professional
- PSP | Physical Security Professional

Our specification consultants prepare objective and accurate specifications for all building types, based upon industry standards and in compliance with all applicable codes, regulations, and laws.

## SERVICES

ASSA ABLOY's qualified staff can help you complete these time-consuming deliverables for Divisions 8 and 28:

### Planning and Design Development Phases:

- Adherence to existing facility standards
- Code compliance review
- Coordination among related trades
- Coordination with existing building systems
- Existing conditions walkthroughs
- Product research and catalog cuts

### Construction Documents Phase:

- Access control elevation diagrams
- Door and hardware schedules
- Integrated project delivery method
- Non-proprietary specifications
- Value engineering process

### Construction Administration Phase:

- Jobsite inspections and punch lists
- Review of shop drawings and submittals
- Try-Me program product samples

## SOLUTIONS

Doors may be the most intimate points of contact we have with a building. They should look great, swing or slide, defeat the heat, block the cold, be green, keep the peace, and make us safe. ASSA ABLOY offers a more complete range of innovative and integrated door opening solutions than any other company on the market.

- ElectroLynx® plug-in wiring connector system for electromechanical hardware
- InDoor Electronic Design™ hidden electronics
- LiteGuide™ and Beacon™ egress path marking systems
- MicroShield™ antimicrobial coating
- Openings Studio BIM Interface
- ReadySet® preassembled doorways for installation in less than 10 minutes
- TheGoodDesignStudio.com online tool for aesthetically-design architectural openings
- Thermal Fused Flush Doors, monolithic wood doors available fire-rated with antimicrobial
- Windstorm Solutions meeting both hurricane and FEMA storm shelter design criteria
