### **SARGENT Harmony™ Series Offers Sophisticated Access Control**

*New Haven, CT* -- The Harmony™ Series lockset is the latest addition to SARGENT's full line of access control products. Harmony integrates into existing Wiegand access control systems, offering reader and monitoring capabilities in a stylish lock body.

The Wiegand open architecture platform provides a cost effective method for expanding existing access control systems. Harmony offers complete door status monitoring and is lockdown capable. All electronics are located on the secure side of the door for additional security. The lock is HID 125 kHz, 26-39 bit compatible.

The Harmony Series is available in SARGENT's existing Grade 1 hardware, including bored lock (10 Line), mortise lock (8200 Series) and exit device (80 Series). The lockset is also available with SARGENT's broad range of new Studio Collection lever designs and MicroShield™ antimicrobial coating.

For additional information, call 800-727-5477 or visit [www.sargentlock.com](http://www.sargentlock.com).

### **About SARGENT**

Founded in the early 1800s, SARGENT is a market leader in locksets, cylinders, door closers, exit devices, electromechanical products and access control systems for new construction, renovations and replacement applications. The company's customer base includes commercial construction, institutional and industrial markets.

### **About ASSA ABLOY**
