

Non-toxic MicroShield™ suppresses microbes and lasts for the life of the hardware finish.

MicroShield offers state-of-the-art protection and peace of mind for those hardware applications where vigilance in the war against bacteria and mold is critical. Hardware with *MicroShield* coating is ideal for hospitals, assisted living facilities, clinics, offices, schools and child care facilities.

The *MicroShield* coating incorporates the Agion® anti-microbial compound, a silver-based agent effective against a broad spectrum of bacteria and microbes.

MicroShield™

Hardware Finish Coating

The Agion antimicrobial is not intended as a substitute for good hygiene. Coated products must still be cleaned to insure the surfaces will be free of destructive microbes. ASSA ABLOY makes no representations or warranties, express or implied, as to the efficacy of the Agion antimicrobial. A copy of the Agion warranty is available upon request. Agion is a registered trademark of Agion Technologies, Inc., Wakefield, MA, USA

MicroShield™
As part of its promise to provide innovative solutions to their customers, ASSA ABLOY Group companies offer the MicroShield technology, a silver-based antimicrobial coating designed to stem the spread of germs and bacteria. MicroShield™ is a trademark of the respective ASSA ABLOY Group company.
