

## Accessory Pack Now Included in New Keyed Removable Mullion Shipping Carton

As part of Corbin Russwin's continuous customer service improvement program, the packaging of the Keyed Removable Mullion has been changed.

The Keyed Removable Mullion is now shipped complete in one carton, eliminating the additional accessory pack previously shipped separately.

In the new carton, the bracket screw pack is placed inside the mullion, and the mullion is inserted into the mounting brackets for shipping.

Orders for the Keyed Removable Mullion accessory packet **only** will be shipped in the previous carton.

For additional information on this or other Corbin Russwin products, please contact your local sales representative or Corbin Russwin Product Manager John Kelly at 800.438.1951 ext. 277 or [jkelly@ysgsecurity.com](mailto:jkelly@ysgsecurity.com).
