Bottom Bolt
3/4" diameter steel with 3/4" projection

Center Bolt Strike
1/4" stainless steel strike versus 1/8" standard wrought strike

Fortified Multi-Point Latching System

for Community Shelter
Door Assembly

The Corbin Russwin FE6800 is a robust three-point locking system engineered to help save lives by securing the community shelter entry. Extra-heavy duty steel components secure the door to the frame – at the top, bottom and center latch points – fortifying the opening to withstand extreme wind speeds and flying debris. UL approved, the FE6800 is ideal for both FEMA 361 and FEMA 320 applications.

To learn more about the FE6800 and how Corbin Russwin can help you keep people safe and secure, call 800-543-3658 or visit corbinrusswin.com.
